

# M4 CARBINE

R0977HB | R0979 | CR6921

## FEATURES

*Standard Configuration Shown*

**The Colt M4 is the only carbine available to the world today that is manufactured to meet or exceed the stringent performance specifications (MILSPEC) required for acceptance and use by the U.S. Armed Forces.**

- › 4-Position sliding buttstock
- › Lightweight
- › Can be fitted with MIL STD 1913 picatinny rail
- › Ambidextrous fire selector switch
- › Detachable carry handle flat top design
- › Compatible with M203 Grenade Launcher

### **The name says it all.**

Proven in military combat operations all over the world, the Colt M4 Carbine is in a class by itself as a first-rate combat weapon system. Designed specifically for light-weight mobility, speed of target acquisition and effective firepower capability, the battle-proven M4 Carbine delivers the reliability, accuracy, and potent performance needed to take on the most extreme situations. The M4 can be comfortably carried, yet instantly available to provide the level of firepower, dependability and accuracy of a 5.56mm rifle. In production for the U.S. Armed Forces since 1994, the Colt M4 is the weapon of choice for the 21st century warfighter and law enforcement officer.
